The Eurasian Journal of Medicine
Official Journal of Atatürk University School of Medicine

About the Eurasian Journal of Medicine

The Eurasian Journal of Medicine is a peer reviewed, open access, online-only journal. The journal is the official publication of Atatürk University School of Medicine.

The Eurasian Journal of Medicine is a continuously published journal in English. The journal has moved to continuous publication by volume from Volume 57. Articles are published in four issues per year with each issue gradually filling throughout the year as new articles are published.

Abstracting and Indexing

The Eurasian Journal of Medicine is covered in the following abstracting and indexing databases;

- PubMed Central
- Web of Science-Emerging Sources Citation Index
- China National Knowledge Infrastructure (CNKI)
- TUBITAK ULAKBIM TR Index
- Scopus
- DOAJ
- EBSCO
- CINAHL
- ProQuest
- Gale/Cengage
- CAS
- Cabells

All content published in the journal is permanently archived in Portico.

Aims, Scope, and Audience

The Eurasian Journal of Medicine aims to publish studies of the highest scientific and clinical value, and encourages the submission of high-quality research that advances the understanding and treatment of medicine.

The Eurasian Journal of Medicine covers a wide range of topics of the highest scientific and clinical value in all medical fields. The journal is interested in publishing original research that addresses important clinical questions and advances the understanding and treatment of these conditions. This may include studies on the effectiveness of different treatments, new diagnostic tools, or techniques.

The Eurasian Journal of Medicine publishes clinical and basic research articles, systematic reviews and meta-analyses, and letters to the editor. Conference proceedings may also be considered for publication.

The target audience of the journal includes researchers, physicians and healthcare professionals who are interested or working in in all medical disciplines.

Open Access Policy

The Eurasian Journal of Medicine is an open access publication.

Starting on February 2019, all content published in the journal is licensed under the Creative Commons Attribution (CC BY) 4.0 International License which allows third parties to read, copy and redistribute the material in any format and adapt the material for any purpose immediately upon publication by giving the appropriate credit to the original work.

The content published before February 2019 was licensed under a traditional copyright, but the archive is still available for free access.

All published content is available online, free of charge at https://www.eajm.org/.

Authors retain unrestricted copyrights and publishing rights in the Eurasian Journal of Medicine.

When using previously published content, including figures, tables, or any other material in both print and electronic formats, authors must obtain permission from the copyright holder. Legal, financial and criminal liabilities in this regard belong to the author(s).

Copyright Policy

A Copyright Agreement and Acknowledgement of Authorship form should be submitted with all manuscripts. By signing this form, authors transfer the copyright of their work to the Eurasian Journal of Medicine and agree that the article, if accepted for publication by the Eurasian Journal of Medicine will be licensed under a Creative Commons Attribution (CC BY) 4.0 International License which allows third parties to read, copy and redistribute the material in any format and adapt the material for any purpose immediately upon publication by giving the appropriate credit to the original work.

When using previously published content, including figures, tables, or any other material in both print and electronic formats, authors must obtain permission from the copyright holder. Legal, financial and criminal liabilities in this regard belong to the author(s)

Authors retain the copyright of their published work in the Eurasian Journal of Medicine.

Publication Fee Policy

The Eurasian Journal of Medicine is funded by the Atatürk University School of Medicine.

Authors are not required to pay any fees during the evaluation and publication process.
